(4) In addition to the licence referred to above, all motor vehicles which are intended to be let or to ply for hire in areas under the control of local boards shall obtain such licences from the Presidents of the District Boards concerned as may from time to time be prescribed under the Madras Local Boards Act, 1920.

(5) If for any reason to be recorded in writing the President, District Board, refuses to license a motor vehicle thus preventing the vehicle from being used for hire, the fees collected under rule 30 (3) shall be refunded.

HEAVY MOTOR VEHICLES.

The following additional rules shall apply to heavy motor vehicles:—

DEFINITIONS.

31. In these additional rules—

(a) the expression "heavy motor vehicle" means a motor vehicle exceeding two tons in weight, unladen;

(b) the expression "trailer" means any vehicle drawn by or attached to a heavy motor vehicle;

(c) the expression "axle-weight" means, in relation to an axle of a heavy motor vehicle, the aggregate weight transmitted to the surface of the road or other base whereon the heavy motor vehicle or trailer masses or rests, by the several wheels attached to that axle when the heavy motor vehicle, or the trailer, is loaded;

(d) the expression "registered axle-weight," in relation to an axle of a heavy motor vehicle, means the axle-weight of that axle as registered by the registering authority in pursuance of the rules;

(e) the expression "weight," when used in relation to a heavy motor vehicle or trailer attached to it, means (i) when the vehicle or trailer is unladen, the weight of the vehicle including all parts, equipment, stores, fuel, water and accumulators which are necessary for, or are ordinarily used with, the vehicle or trailer when working; provided that where alternative parts or bodies are used, the heaviest shall be taken for the purpose of calculating the weight; and (ii) when the vehicle or trailer is laden, its weight when unladen plus its lawful load including the weight of the driver;

* In the case of a motor vehicle owned by a resident of an Indian State and regularly plying for hire from one place to another, one at the terminal being in that State and the other in the Madras Presidency, a permit in Form G shall be taken from a proper authority in this Presidency. No separate registration or licensing will, however, be necessary.

(*f*) the expression "width," in relation to the tire of a wheel, means the distance measured horizontally and in a straight line across the circumference of the wheel and between the two points in the outer surface of the tire which are farthest apart;

(*g*) the expression "diameter," in relation to a wheel, means the diameter measured between the two opposite points in the outer surface of the tire which are farthest apart.

ADDITIONAL PARTICULARS TO BE FURNISHED WITH APPLICATION FOR REGISTRATION.

33. In addition to the particulars prescribed by rule 3 above, the following particulars shall be furnished with an application for the registration of a heavy motor vehicle :—

(1) weight of heavy motor vehicle or trailer, unladen ;
(2) axle-weight of each axle ;
(3) diameter of each wheel.

FEE FOR REGISTRATION.

34. The fee payable in respect of registration of a heavy motor vehicle shall be Rs. 32. Such registration shall continue in force for a period of not more than twelve months from the date thereof. Registry may be renewed annually on payment of a fee of Rs. 16.

SPECIAL CONDITIONS TO BE FULFILLED.

34 The registering authority shall decline to register a heavy motor vehicle unless he is satisfied that it fulfils all the conditions special to heavy motor vehicles laid down by rules made under the Act, and in order that he may so satisfy himself, he may require the production of the heavy motor vehicle at such time and place as he thinks fit and may also cause the weight of the heavy motor vehicle and the axle-weight of each axle to be ascertained in such manner as he may by general or special order direct.

REGISTERING AUTHORITY MAY CAUSE THE AXLE-WEIGHT FOR THE TIME BEING OF ANY AXLE OF A HEAVY MOTOR VEHICLE TO BE ASCERTAINED.

35. When the registering authority or any officer duly authorised by him in this behalf has reasonable ground for suspecting that the axle-weight for the time being of any axle of any heavy motor vehicle or trailer drawn thereby exceeds the registered or marked axle-weight of that axle he may cause the axle-weight for the time being of any such axle to be ascertained.

The person driving or in charge of such motor vehicle shall to the best of his ability afford all such facilities as may reasonably be necessary for the purpose of ascertaining the axle-weight as aforesaid.

REGISTERED WEIGHT TO BE PAINTED ON VEHICLE.

36. Unless he declares, in accordance with rule 34 to register a heavy motor vehicle, the registering authority shall proceed in accordance with rule 4 above and, upon receiving the certificate in Form C, the owner of the motor vehicle shall cause—

(*a*) the highest rate of speed at which, in conformity with the rules, the heavy motor vehicle may be driven,
(*b*) the registered weight of the heavy motor vehicle unladen, and
(*c*) the registered axle-weight of each axle

to be painted or otherwise plainly marked in letters not less than one inch in height, and in such a manner as to be legible at a reasonable distance, upon some conspicuous part of the left or near side of such heavy motor vehicle in the case of (*a*), and in the case of (*b*) and (*c*) of the right or offside.

(1) (i) The axle weight of any axle of a heavy motor vehicle shall not exceed the registered axle-weight

(ii) The registered axle-weight of any axle of a heavy motor vehicle shall not exceed eight tons and the axle-weight of a trailer shall not exceed four tons.

(iii) The sum of the registered axle weights of all the axles of a heavy motor vehicle shall not exceed twelve tons.

(2) The tires of each wheel of a heavy motor vehicle, unless the tires are pneumatic or made of a soft or elastic material, shall be smooth, and shall, where the tire touches the surface of the road or other base whereon the heavy motor vehicle moves or rests, be flat, provided that the edges of the tire may be bevelled or rounded to the extent in the case of each edge of not more than half an inch.

Provided also that—

(i) if the tire is constructed of separate plates the plates may be separated by parallel spaces which shall be disposed throughout the outer surface of the tire so that nowhere shall the aggregate extent of the space or spaces in the course of a straight line drawn horizontally across the circumference of the wheel exceed one-eighth part of the width of the tire;

(ii) the driving wheels of a heavy motor vehicle shall be cylindrical and smooth-soled or shod with diagonal cross-bars of not less than three inches in width nor more than three-quarters of an inch in thickness, extending the full breadth of the tire, and the space intervening between each such cross-bar shall not exceed three inches ;

(3) the width of the tire of each wheel of a heavy motor vehicle shall be determined by such of the following conditions as may apply to the circumstances of the case; that is to say—

(*a*) the width shall in every case be not less than five inches;

(b) the width shall be not less than that number of half inches which is equal to the number of units of registered axle-weight of the axle to which the wheel is attached.

The unit of registered axle-weight shall vary according to the diameter of the wheel, and the rules set forth in the subjoined scale; that is to say—

(i) if the wheel is three feet in diameter, the unit of registered axle-weight shall be 7½ cwts.,

(ii) if the wheel exceeds 3 feet in diameter, the unit of registered axle weight shall be 7½ cwts. with an addition of weight in the proportion of one hundred-weight for every 12 inches by which the diameter is increased beyond 3 feet; and in the same proportion for any increase which is greater or less than 12 inches, and

(iii) if the wheel is less than 3 feet in diameter, the unit of registered axle-weight shall be 7½ cwts. with a deduction of weight in the proportion of one hundred-weight for every 6 inches by which the diameter is reduced below 3 feet, and in the same proportion for any reduction which is greater or less than 6 inches.

Provided that this clause shall not apply to any tire which is pneumatic or which is made of a soft or elastic material.

(4) The diameter of a wheel of a heavy motor vehicle, if the wheel is fitted with a tire which is not pneumatic or is not made of a soft or elastic material, shall be not less than 2 feet.

(5) A heavy motor vehicle shall, when measured between its extreme projecting points, be of a width not exceeding 7 feet 6 inches, and no heavy motor vehicle or train made up of a motor vehicle with one or more trailers attached to it shall be used in any public place if such motor vehicle or train exceeds 36 feet in length. CONDITIONS FOR THE USE OF TRAILERS.

39. No person shall haul, by means of a heavy motor vehicle, in any public place, more than three trailers at a time, nor any trailer, unless the following conditions are satisfied :—

(ii) each trailer attached to a heavy motor vehicle shall have a brake approved by the registering authority and each trailer shall carry upon it a person competent to apply the brake efficiently, provided that, where the brakes upon the motor vehicle to which any trailer is attached are so constructed and arranged that neither of them can be used without bringing into action simultaneously the brake attached to the trailer, or if the brakes of the trailer can be applied from the motor vehicle independently of the brakes of the latter, this rule shall not apply;

(iii) the heavy motor vehicle shall not at the time be in use as a public conveyance.

DRIVING ON BRIDGES.

the speed shall not exceed 6 miles an hour.

Provided also that—

No. 853.—The following G.O. No. 2411, L. & M., dated the 5th December 1923, is published:—

Rules 123 to 125 of the Local Boards Manual deal with the travelling and halting allowances payable to non-official members of local boards including presidents and vice-presidents. Ordinarily the scales laid down in the Civil Service Regulations are applicable, but a maximum mileage is prescribed in rule 123 and rule 124 classifies presidents of district and taluk boards and vice-presidents of district boards as first-class officers and vice-presidents of taluk boards as second-class officers. Under present conditions presidents of taluk boards are expected to tour at least 30 days in a half-year.

2. The Government have for some time had under consideration the whole question of touring by presidents and vice-presidents and the scale of allowances payable to them consistent with both efficiency and economy.

3. As regards touring the Government do not desire to lay down any rule fixing either a maximum or a minimum. They, however, consider that, provided a programme is properly drawn up, six weeks in a half year for the president of the district board and 30 days for the president of a taluk board containing only a single revenue taluk with probably another 15 days if the taluk board area covers more than one revenue taluk should suffice for the out-door work that a president must ordinarily attend to.

4. The rate of allowance to be paid has to be fixed with reference to the expenditure likely to be involved and while it should not be a source of profit to the individual drawing it it should not at the same time put him out of pocket. Having given the matter their anxious consideration the Government have come to the conclusion that, subject to the following limitations or exceptions, the provisions of the Madras Travelling Allowance Rules should be applied in calculating the travelling and halting allowances payable to non-official members of local boards including presidents and vice-presidents:—

(i) Presidents and vice-presidents of district boards may draw daily allowances and mileage at rates admissible to Collectors of districts.

(ii) Presidents and vice-presidents of taluk boards may draw daily allowances and mileage at rates admissible to gazetted officers on a pay exceeding Rs. 500 but not exceeding Rs. 750.

(iii) Members of local boards should be paid such travelling allowances as may be fixed by the local board concerned subject to the following maximum limits and inclusive of the cost of any servants accompanying the member:—

Annas 4 per mile by road and As. 3 per mile by canal plus double second-class fare by rail.

(iv) The travelling allowance that may be drawn in a half-year shall not, without the special sanction of the board concerned, exceed Rs. 1,200 in the case of presidents and vice-presidents of district boards and Rs. 400 in the case of presidents and vice-presidents of taluk boards covering only a single revenue taluk or Rs. 600 where more than one revenue taluk is comprised in a taluk board area.

5. The question of the payment of a fixed monthly travelling allowance was considered in this connexion. Such an arrangement would involve the prescription of a minimum tour and a proportionate reduction of the allowance if that minimum is not reached. The Government consider that this procedure would prove cumbersome and invidious and that travelling allowances should be drawn only for journeys actually made.

6. The necessary notification was published in the *Fort St. George Gazette*, dated 28th November 1923.

No. 854.—Under section 200 of the Madras Local Boards Act, 1920, the following draft of a rule which the Local Government propose to make under sections 187 (1) and 189 (2) (s) of the said Act is published for general information:—

Notice is hereby given that any suggestion or representation which any person may desire to make respecting the draft rule will be considered, if submitted within six weeks from the date of publication of this notification. None received after that period will be considered.

DRAFT RULE.

Vaccination shall be compulsory throughout the Namakkal and Rasipuram taluks except Kollimalais, in the Salem district.

No. 855.—Under section 48 (1) of the Land Acquisition Act, 1894, the Government hereby withdraw from the acquisition of S. Nos 437, 438 and 439 of Balaga of Chicacole taluk (Ganjam district) published in notification No. 927 on page 494, Part I-A of the *Fort St. George Gazette*, dated 5th October 1920.

No. 856.—Under section 48 (1) of the Land Acquisition Act, 1894, the Government hereby withdraw from the acquisition of S. No 1/80 of Balaga of Chicacole taluk (Ganjam district) published in notification No. 1103 on page 589 of Part I-A of the *Fort St. George Gazette*, dated 16th November 1920.

No. 857.—Under section 12 of the Madras Town Planning Act, 1920, the Government direct the Anakapalle Municipal Council to prepare, print and submit for their sanction within six months from the date of publication of this notification in the *Fort St. George Gazette*, a scheme in respect of the area known as 'Nidanam Doddi' i.e., block No. 3 of the old Fort Ward.

No. 848.—The following G.O. No. 2269-A., L. & M., dated the 23rd November 1922, is published:—

The Vice-Chairman of a Municipal Council derives his power from the Chairman and cannot exercise any power not delegated to him under sub-section (1) of section 18 of the Madras District Municipalities Act, 1920, or call a meeting of the Council or address Government or any other authority, except when he is in charge of the office of Chairman under sub-section (6) of section 12 or sub-section (2) of section 18. A Vice-Chairman addressing any letter while thus in charge should state at the top of the letter that he is so in charge and quote the section under which he is acting, thus—

From

.....(Name)

Vice-Chairman in charge under sections $\frac{12\ (6)}{13\ (2)}$.

No. 850.—Under section 60 (3) of the Madras Local Boards Act XIV of 1920, the Government are pleased to direct that, from and after the date of this notification, the land described in the following schedule and measuring 1,300 square links in Nilakkottai union be the same a little more or less, shall be excluded from the operation of the said Act.—

SCHEDULE.

Madura District, Nilakkottai Union.

Road, T. S. No. 416 P., bounded on the north by District Board road; east by street in the puttam; south by mosque (vacant land); west by District Board road	60 links.	1,300

No. 850.—The following G.O. No. 2312, L. & M., dated the 27th November 1922, is published:—

Several instances have come up to the notice of Government in which chairmen of municipal councils have left their headquarters without making adequate arrangements for carrying on their work during their absence or on the other hand have had all papers sent to them for disposal during their absence. One chairman is reported to have come to Madras on private business and had all tapals brought to him through a peon daily from his headquarters.

2. The provisions of section 18 of the Madras District Municipalities Act lay down clearly that during the temporary absence or incapacity of the chairman all his functions shall devolve on the vice-chairman. Where therefore there is a vice-chairman he automatically becomes responsible for discharging the duties of the chairman during the latter's absence. Where there is no vice-chairman the chairman should, under sub-section (2) of section 78, delegate his powers to a councillor. Any chairman who acts in disregard of these provisions will render himself liable to surcharge in respect of any expenditure that may be incurred through his failure to observe the requirements of the law.

No. 851.—The following G.O. No. 1436-P.H., dated the 27th November 1922, is published:—

The Director of Public Health has brought to the notice of Government that the returns of Vital Statistics for July and August 1922, were delayed by several Collectors. As the returns have to be consolidated by the Director of Public Health, printed and published in the *Fort St. George Gazette*, the late receipt of any returns unnecessarily delays publication.

2. The replies of the Collectors who were requested to explain the delay show that in almost all the cases the delay was due to the negligence of subordinate officers. The Collector of Nellore complains that the time allowed for compilation of the statistics (i.e., fifteen days from 5th to 20th) is too short. The date originally fixed was the 10th, and the Government altered it to the 20th in G.O. No. 836 L., dated 7th July 1902. Many of the Collectors are able to send their returns punctually, and the Government do not consider there is sufficient justification for further alteration of the date.

3. The Government trust that the Collectors will take effective steps to ensure strict punctuality in this matter in future.

No. 862.—The following G.O. No. 2382, L. &M., dated the 29th November 1922, is published:—

In G.O. No. 1757, L. & M., dated 26th September 1922, the Government notified for general information the draft of an addition which they proposed to make to the rules regarding the appointment and punishment of municipal servants published in notification No. 226 on page 138 of Part I-A of the *Fort St. George Gazette*, dated 21st March 1922. The objections and suggestions received have been considered by the Government and they see no need to make any change in the rule which is accordingly confirmed. The requisite notification is being published in the *Fort St. George Gazette*.

No. 863.—In exercise of the powers conferred on them by sections 73, 75 and sub-section (1) of section 363 of the Madras District Municipalities Act, 1920, the Local Government make the following addition to the rules regarding the appointment and punishment of municipal servants published in notification No. 226 on page 138 of Part I-A of the *Fort St. George Gazette*, dated 21st March 1922:—

"All appeals shall be submitted to the Chairman of the Appeal Committee through the Chairman of the Municipality concerned."

No. 854.—The following G.O. No. 2367, L. & M., dated the 29th November 1922, is published :—

The following correspondence is published for general information :—

MEMORANDUM No. 7536-1, L. & M., DATED 19TH AUGUST 1922.

Under rule 58 (c) of Schedule IV of the Madras District Municipalities Act, 1920, a municipal council may, with the sanction of the Government pay a conveyance allowance to its chairman. The powers of Government under this rule have been delegated to Collectors in G.O. No. 1278, L. & M., dated 4th July 1921. The Municipal Council of Anakapalle proposes to pay a conveyance allowance of Rs. 45 per mensem to its chairman. The Collector of Vizagapatam considers that an allowance of Rs. 20 would be sufficient. The question has been raised whether the Collector can modify the amount of the allowance and sanction the allowance proposed by the council, or whether he has power only to refuse or sanction the allowance with his opinion on the question.

ADVOCATE-GENERAL'S OPINION No. 563, DATED 7TH OCTOBER 1922.

The word "sanction" is equivalent to the giving of authoritative permission or approval, ratification, confirmation (vide Imperial Dictionary, sub : nom. "sanction.") This being so, *prima facie* section 58, read with the notification, must be construed as enabling the Collector either to assent or to object to the granting of a conveyance allowance. Normally, section 58 should be interpreted only as giving such a power and not as enabling the Collector to fix an alternative sum himself. The scheme of such Acts, moreover, is to vest the discretion as to the fixing of the amount in the council or local body concerned subject to a veto on the part of the Government or the Collector. The proper course would therefore be for the Collector to decline the sanction and suggest the amount of Rs. 20 which he considers to be reasonable. The municipal council will thereupon pass its own resolution on the subject. A reference to section 70 (1) and (2) strengthens this argument.

I am therefore of opinion that the proper procedure for the Collector in the present case is to refuse the sanction and make such suggestions for *being carried out by the municipal council* as he deems proper.

No. 855.—The following G.O. No. 2373, L. & M., dated the 1st December 1922, is published :—

Under sections 45 and 46 of the Madras District Municipalities Act, 1920, no person shall be included in the electoral roll as qualified to vote unless he has paid the taxes due by him to the council. Instances have been brought to the notice of Government in which councillors and subordinates entrusted with the preparation or revision of the electoral roll have included names of persons who have not paid the taxes due from them. The Government consider it necessary that some responsible officer should go through the roll and certify that no person whose name is entered in the roll is in arrear to the council in respect of any tax. This responsibility will be laid on the secretary or manager of the municipal office and the attention of all chairmen of municipal councils is invited to notification No. 320, published in Part I-A of the *Fort St. George Gazette*, dated 25th November 1922.

AUDIT REPORT OF THE TRIPLICANE URBAN CO-OPERATIVE SOCIETY, LIMITED, FOR 1921-22.

The accounts of the Triplicane Urban Co-operative Society, Limited, No. 16, for the year ending 30th June 1922 as audited by M.R.Ry. U. L. Venkatanarasayya Garu, City Auditor, are passed. Statements of (1) receipts and disbursements, (2) profit and loss and (3) assets and liabilities as furnished by him are appended to the certificate.

2. *Membership and share capital.*—The number of members rose from 3,877 to 3,914 while, their paid up share capital fell from Rs. 67,710 to Rs. 65,809. One hundred and thirty-seven members withdrew a portion of their share capital amounting to Rs. 3,103 and this accounts for the fall.

3. *Borrowings.*—All the borrowings were only by deposits of members and the highest rate of interest paid is 9½ per cent. Owing to fall in the closing balances on the last day of the co-operative year on recurring and current deposits, there was a net fall from Rs. 65,877 to Rs. 56,035 in the borrowings in spite of an increase in fixed deposits from Rs. 20,370 to Rs. 22,812.

4. *Loans.*—Three hundred and eighty seven loans for Rs. 27,948-5-2 were disbursed during the year. Loans repaid by members amounted to Rs. 24,439-5-2. Three hundred and seventy five loans for Rs. 21,805-5-2 were outstanding at the end of the year against members. Out of Rs. 8,054-2-9 outstanding against certain primary societies Rs. 1,164 was recovered leaving yet Rs. 6,890 outstanding on the 30th June 1922.

5. *Distribution branch.*—The society purchased goods to the value of Rs. 9,56,098 during the year as against Rs. 8,37,675 in the previous year. The amount realised by sale of goods was Rs. 8,97,299 in the year as against Rs. 9,45,847 in the previous year. The gross profit earned in the branch during the year was Rs. 45,072-3-7 against Rs. 51,842-10-1 in the previous year.

6. *Net profits.*—The net profits earned during the year was Rs. 22,813-4-1. Out of this amount, a sum of Rs. 153-13-0 has to be put down for the credit branch and the balance of Rs. 22,659-7-1 to the distribution department as against Rs. 948-12-1 and Rs. 895-7-1 respectively in the previous year. Under the by-laws 62 and 69 as amended with the sanction of Government in G.O. Mis. No. 109, dated 25th January 1922, the entire profits of the credit branch, viz., Rs. 153-13-0, and one tenth of the net-profits of the distribution department, viz., Rs. 2,265-13-1 should be carried to the credit of the reserve fund. The total amount that has thus to be credited to reserve fund is therefore Rs. 2,419-12-1. The balance is available for distribution as interest on the shares, dividend on purchases, common good fund, employe's bonus, etc., according to the limitations and maxims laid down in the by-laws. With the above additions the total amount to the credit of the reserve fund will be Rs. 84,619-12-0.

7. The Board of Management and their enthusiastic Secretary are congratulated on the successful working of the society for the year.

(*e*) settling a scheme in respect of an endowment falling under section 40,

(*f*) granting such further or other relief as the nature of the case may require.

(2) No suit under sub-section (1) may be instituted by any person unless an application is first presented to the Collector for leave to institute such suit and leave is granted: provided that no such leave shall be required where the suit is for the removal of a hereditary trustee and is instituted by a committee.

(3) The order passed by the Collector under sub-section (2) shall be final.

(4) If the court trying the suit is of opinion that the suit has been for the benefit of the endowment and that no party to the suit is in fault, the court may order the costs, or such portion thereof as it may consider just, to be paid out of the funds of such endowment.

(5) Sections 92 and 93 and rule 8 of order 1 of the first schedule of the Code of Civil Procedure, 1908, shall have no application to any suit claiming any relief in respect of the administration or management of a religious endowment over which a committee has jurisdiction; and no suit claiming any such reliefs may be instituted except in accordance with this section.

(6) Nothing in this section shall affect any rights or powers in respect of religious endowments which the Advocate-General may exercise under sub-section (2) of section 114 of the Government of India Act.

Who is a person having an interest.

38. Any person who has a right of attendance at the performance of worship or service in any temple, mutt or other place of religious worship or religious instruction, or who is in the habit of attending such performance or of partaking in the benefit of any distribution of alms thereat shall be deemed to be a person having an interest within the meaning of this Act.

Application of Act to endowments governed by schemes.

39. (1) Where the administration of any religious endowment is at the commencement of this Act, governed by any scheme settled by decree of a court under section 92 of the Code of Civil Procedure, 1908, or otherwise, nothing contained in this Act which is inconsistent with any of the provisions of such scheme shall apply to such religious endowment.

(2) Notwithstanding anything contained in sub-section (1), the committee having jurisdiction over the local area in which such religious endowment is situated or in the case of hereditary endowments any person whose rights as trustee thereof have been affected by such scheme may apply to the court for an order superseding the scheme or such portion of it as is inconsistent with this Act and declaring that this Act shall thenceforward apply in full to such endowment.

(3) If the court is of opinion that it would be for the benefit of the endowment that the scheme should be superseded in whole or in part, it shall grant the application, and the provisions of this Act shall thereafter apply in full to such endowment.

Act not to be applied to endowments with income of less than Rs. 250

40. Nothing contained in this Act, except section 25, clause (i) of sub-section (2) of section 34, section 37, section 38, section 42 and section 43, shall apply to any place of religious worship whose average gross income, including income from endowments connected therewith, for a period of five consecutive years immediately preceding the commencement of this Act was less than Rs. 250 per annum.

Provided that the Local Government may at any time issue a notification declaring that the provisions of this Act shall apply in full to any such endowment.

Delegation by Local Government.

41. The Local Government may by notification authorize (i) any person to exercise any one or more of the powers vested in them by this Act, except the power to determine the amounts of contributions under section 32 and the power to make rules under section 34, and (ii) any civil court inferior in grade to the court of the district judge to exercise within the local limits of the jurisdiction of such inferior court the whole or any part of the powers conferred on a court by this Act.

Saving of established customs and usages

42. Save as otherwise provided in this Act, nothing herein contained shall affect any established usage of a place of religious worship, or religious instruction or the powers and duties of the trustees thereof, or the rights, emoluments and perquisites to which such trustee or any servant employed in, or the holder of any office attached to the place of religious worship or religious instruction may by custom or otherwise be entitled.

Government not to interfere with religious endowments except as provided by this Act.

43. Save as provided in this or any other Act, it shall not be lawful for the Local Government or for any executive officer of the Local Government in his official capacity to undertake or assume the superintendence of any land or other property granted for the support of, or otherwise belonging to, any Hindu place of religious worship, to take any part in the management or appropriation of any endowment made for maintenance of any such place, or to nominate or appoint the trustee of any religious endowment or to be concerned in any way with any religious endowment.

Transitory provisions before carrying committees are reconstituted.

44. (1) Every committee established under Act XX of 1863 which is in existence at the commencement of this Act shall be deemed to have been duly constituted under the provisions of this Act.

(2) In their application to the members and presidents of committees in office at the commencement of this Act and the first reconstitution of such committees in accordance with this Act, the provisions of this Act shall be read subject to the rules contained in Schedule II.

Removal of difficulties in working Act.

*45. If any difficulty arises as to the first constitution or reconstitution of any committee after the commencement of this Act, or otherwise in first giving effect to the provisions of this Act, the Local Government, as occasion may require, may by order do anything which appears to them necessary for the purpose of removing the difficulty.

SCHEDULE II.

[See section 41 (2).]

TRANSITORY PROVISIONS.

1. The local Government shall fix a date, not being less than two years nor more than three years from the commencement of this Act, on which the term of office of members of committees holding office at the commencement of this Act shall expire:

Provided that a member who is also the president of a committee shall continue to exercise the functions of a president until a new president is elected under rule 4.

2. Any vacancy in the office of president of a committee which is in existence at the commencement of this Act or which occurs before the date on which a new president is elected under rule 4 shall be filled up under the provisions of this Act; and any vacancy in the office of member of a committee which is in existence at the commencement of this Act or which occurs before the date fixed under rule 1 shall be filled up by appointment by the local Government:

Provided that any person elected or appointed as president or member under this rule shall hold office only up to the date referred to in rule 1.

3. The president of the committee shall cause arrangements to be made for election of members, so that the newly-elected or appointed members may come into office on the date fixed under rule 1 for the expiry of the terms of office of members holding office at the commencement of this Act.

4. On or as soon as may be after such date, a meeting shall be held on a day and at a time fixed by the president for the election of a new president.

STATEMENT OF OBJECTS AND REASONS.

There is widespread dissatisfaction with the management and control of religious institutions falling under sections 3 and 4 of the Government of India Act XX of 1863. In this Presidency opinion is unanimous that the inadequacy of the provisions of that Act to check the maladministration and misuse of the trust properties is largely responsible for the present condition of these institutions. Various efforts have been made from time to time to introduce legislative measures for the removal of the many abuses that admittedly exist in the administration of these endowments. In 1874, 1876, 1884, 1888 and again in 1894, committees were appointed to report upon the state of the existing law and to make suggestions for its modification. Several private Bills on the subject were also introduced both in the local and in the supreme Legislative Councils. The recommendations of the above committees and the Bills above referred to however fell through as they were considered either too wide in their application or were too elaborate in their provisions or were inconsistent in certain respects with the principle and the policy on which the Act of 1863 was based.

2. The principal defects in the working of the Act of 1863 are—

(1) there is no provision in it for the exercise of supervision over the large and important class of endowments referred to in section 4 of the Act;

(2) the system of suit by parties interested is costly and has proved inadequate to guard against dishonesty on the part of trustees and members of committees;

(3) the powers and functions of committees are not defined with sufficient precision;

(4) there is no provision enabling committees to raise funds for the purpose of carrying out their duties;

(5) committees cannot enforce their orders save by regular suit to compel obedience;

(6) members of committees hold office for life and cannot be ousted save by regular suit;

(7) the provisions contained in the Act for the due and regular performance of the duty entrusted to committees of preparing the registers of voters and conducting elections of committee members were utterly inadequate; and

(8) there are no provisions in the Act requiring periodical audit of accounts kept by trustees.

The amendments required in the Act of 1863 to remedy these and other defects are so many that it has been considered the preferable course to repeal it altogether and enact a self-contained piece of legislation dealing with the whole subject of Hindu religious endowments in this Presidency.

3. The main object of the present Bill is to ensure the efficient administration of Hindu religious endowments in this Presidency, and if the principle of strict religious neutrality of the executive Government embodied in the Act of 1863 has been departed from in some of the provisions of the present Bill, it has been done merely to secure this end. The change in the character of the executive Government and the fact that religious endowments are a transferred subject in charge of a Minister responsible to the legislature justify this departure. The Bill aims at efficient control over all classes of Hindu public religious endowments, though certain special privileges have had to be accorded to endowments

falling under section 4 of the Act of 1863, especially in the matter of succession, liability to inspection, removal from office, etc. It has to be remembered that such endowments have since 1863 been left practically to themselves. Proprietors of ancient zamindaris are trustees of some of them. Others have, as trustees, members of the Nagarathar community, who are generally regarded in this Presidency as not merely liberal endowers of temples but efficient administrators of the endowments in their charge. Mutts have also been deliberately included within the scope of the Bill as they are endowed with large properties dedicated for public purposes and as complaints of mismanagement have in the case of several of them been pronounced. The Bill provides for regularly constituted committees to supervise and control the management of the religious endowments. The members of such committees will be partly elected and partly nominated. The term of their office has been limited to five years, as the life membership provided by section 9 of the Act of 1863 is, as already stated, acknowledged on all hands as one of the serious defects of that Act. Provision has been made for the maintenance by committees of proper registers of the endowments over which they exercise supervision and also for the preparation and maintenance of a record of the origin and history of the endowments committed to their care. Presidents of committees are also to be definitely invested with the power of inspecting the movable and immovable property belonging to, and all records, etc., connected with the management of, religious endowments and specific provision has been made for the levy of contributions from such endowments for meeting the expenses of the committees. The Bill also gives committees power to settle dittams and Government will have power to make rules enabling committees to control establishments and intervene in the internal administration of temples. Care has been taken to provide that the decisions of the committee, the Government, the Collector, or the court should be final in respect of several matters and this will, it is hoped, effectively put an end to the costly pastime—which has in recent years prevailed—of people engaging light-heartedly or for factious or sectarian reasons in litigation relating to religious endowments. In cases where a temple or other religious endowment attracts large crowds and local authorities have to make special sanitary and other arrangements, the payment by trustees to such local authorities of contributions from the funds of endowments has been made obligatory. This is in consonance with the provisions of the Madras District Municipalities Act and the Madras Local Boards Act. Specific provision has also been made for the diversion of the surplus funds of religious endowments for purposes of public utility other than those for which they were originally intended. The power to order such diversions is vested in the courts and the principles to be observed in ordering such diversion are those which courts ordinarily follow in applying the 'cypres' doctrine. During recent years a considerable number of schemes have been settled by courts for the administration of specific religious endowments, many of which have proved unsatisfactory and it is felt in many quarters that administration under some of those schemes is even worse than administration under the Act of 1863. These schemes are however of varying complexity and have settled many matters which do not pertain to mere administration and some of which do not fall within the purview of the Act of 1863 or of this Bill. The Bill therefore contains only an enabling provision in this respect. An application may be made to a court by a committee or a person, whose rights as trustee have been affected, for the abrogation or modification of a scheme and for a declaration that the new legislation will apply to the endowment in question. The Bill exempts from its scope minor village religious institutions except in such matters as the maintenance of proper accounts. Long-established customs and usages in temples are sufficiently safeguarded and it is proposed to prevent the executive Government from interfering with Hindu public religious endowments except in the manner approved by this law. For the rest the notes on clauses sufficiently explain the provisions of the Bill.

NOTES ON CLAUSES.

Preamble and Clause 1.—Act XX of 1863 is so badly framed and the amendments required therein are so many that it has been considered the preferable course to repeal it altogether and enact a self-contained piece of legislation dealing with the whole subject of Hindu religious endowments in this Presidency.

2. *Clause* 2, *sub-clause* (1).—The new law will apply to all Hindu religious endowments in the Presidency excluding the Presidency town.

Sub-clause (2).—There are Jain mutts and shrines in this Presidency to which endowments of considerable value are attached. As the Jains in these matters do not materially differ from the Hindus it is proposed to take power to extend the Act by notification to such endowments.

3 *Clause* 3—requires no explanation.

4 *Clause* 4, *sub-clause* (1)—requires no explanation.

Sub-clause (2).—The definition of 'Court' follows to some extent that in section 2 of the Religious and Charitable Trusts Act, XIV of 1920.

Sub-clauses (3) *to* (6).—These are intended to make substantially the same distinction as that which existed under the Act of 1863 between endowments falling under section 3 and those falling under section 4 of that Act. Broadly speaking the endowments falling under section 3 of that Act would be *non-hereditary* and those falling under section 4 *hereditary*.

Though the Bill aims at efficient control over the administration of all classes

of Hindu religious endowments certain special privileges have had to be accorded to endowments falling under section 4 of the Act of 1863, especially in the matter of succession, liability to inspection, removal from office, etc. It has to be remembered that such endowments have since 1863 been left practically to themselves and several of them have, as trustees, proprietors of impartible estates and of members of the Nagarathar community who are generally regarded in this Presidency as not merely liberal endowers of temples but efficient administrators of the endowments in their charge.

Sub-clause (7)—requires no explanation.

Sub-clause (8).—The definition of the term 'religious endowment' is comprehensive. Mutts have been deliberately included. They are endowed with large properties and complaints of mismanagement have in their case been very pronounced. The definition will also include *kattalais* which are endowments created by private individuals for the performance of any service or charity connected with a public temple. The definition covers not merely the properties that are endowed for a temple or mutt, but the temple and mutt themselves.

Sub-clause (9).—The term 'trustee' has been so defined as to include a manager or superintendent referred to in sections 3 and 4 of the Act of 1863. The definition will include a matadhipathi to the extent that he is a trustee for the secular administration of the mutt and temples in his charge. It also covers the cases of guardians of minors and of persons who get into possession of trust properties without due authority for the time being.

5. *Clause* 5.—Section 7 of the Act of 1863 empowers the Government once for all to appoint committees in any division or district to take the place and exercise the powers of the Board of Revenue. It has been held that when once a committee has been appointed for a division or a district and the religious endowments there have been handed over to the committee, the Government cannot afterwards, on re-adjusting the boundaries of the divisions or districts, take any of the endowments away from the committee in charge of them and hand them over to a new committee. The proposed clause remedies this and other defects connected with this question. It invests the Local Government with the power of constituting committees for any local area or for any religious endowment or any class of religious endowments in such local area or of varying their constitution or of abolishing them In constituting committees the Government will, however, keep in view the principle that committees should be on a territorial basis, the unit being ordinarily a district.

6. *Clause* 6.—The Act of 1863 prescribes a minimum of three members for a committee and fixes no maximum. A minimum of six and a maximum of twelve are prescribed in this clause. As the election will be on a fairly broad franchise it is not unlikely that important minorities will be left unrepresented. Provision is therefore made for a nominated element not exceeding one-third of the sanctioned strength. The power of appointment is vested in the Local Government instead of in the Court as in Act XX of 1863.

7. *Clause* 7—provides for the appointment by the Local Government of all the members of committees newly constituted. This is necessary as when committees are constituted for the first time elections could not be held for want of electoral rolls, etc.

8. *Clause* 8—provides for the division of the area over which a committee has jurisdiction into circles for electoral purposes. And the approval of the Local Government has been prescribed for this division with the object of securing some correlation between circles created for the purposes of this Act and circles created for the purposes of election under other Acts such as the Madras Local Boards Act. This will make the task of the preparation and publication of rolls easier than if each committee were left uncontrolled to determine its own circles.

9. *Clauses* 9, 10, *and* 11—relating to the preparation of electoral rolls and qualifications and disqualifications of electors and candidates are largely based on similar provisions in other Acts, such as the District Municipalities Act, 1920 and Local Boards Act, 1920. It will be noticed that no non-Hindu can vote or be a candidate for a seat on the committee.

10. *Clause* 12—limits the term of office of members of committees to five years. The life membership provided by section 9 of the Act of 1863 is acknowledged on all hands to be among the most serious defects of that Act.

11. *Clause* 13—definitely provides that the president of a committee shall be elected and hold office only for one year.

12. *Clause* 14—provides for the filling up by nomination by Government of vacancies in the office of members or presidents not filled up by election within a definite period after the occurrence of the vacancies.

13 *Clause* 15—is intended to get over decisions such as the one in XX Madras Law Journal, page 814, viz., that where the number of members of a committee is reduced to two in consequence of vacancies the remaining members are not competent to act as a committee and any acts done by them as a committee are invalid.

14. *Clause* 16—incorporates every committee with a view to give it the right to sue and be sued and to acquire, hold and transfer property.

15. *Clauses* 17 *and* 18—require no explanation. The language followed in these two clauses is that of the Madras Local Boards Act, 1920 and the Madras District Municipalities Act, 1920.

16. *Clause* 19.—Sub-clause (1) describes the functions of a committee in general terms It takes the place in fact of the first sub-paragraph of section 7 of the Act of 1863.

Sub-clause (2) is of some importance. Several committees do not maintain a proper register of the endowments over which they exercise jurisdiction and some of them are ignorant as to the properties comprising such endowments. It is also necessary that committees should be compelled to take interest in preparing and maintaining a record of the origin and history of the endowments committed to their care. Apart from the utility of such a record and register in facilitating the administrative work of committees and trustees, these endowments contain a lot of history which is worth the while of the committees to unearth and, if need be, to publish in accessible form.

17. *Clause* 20.—Sub-clause (1) confers power on a committee to make temporary appointments of trustees in cases where there is a dispute as to succession and pending the decision of such disputes by a competent authority. It has to be noted that under section 5 of the Act of 1863 the power to make such temporary appointments was vested in the court and could be exercised only on the application of a person interested in the religious institution. The proposed sub-clause empowers the committee to make such appointments whether an application is made or not.

Sub-clause (2) is calculated to enable the temporary trustee to obtain in cases of difficulty possession of trust properties by summary process of court.

18. *Clause* 21.—Sub-clause (1) empowers the committee to fix the number of non-hereditary trustees for any religious endowment subject to a maximum of three.

Sub-clause (2) empowers the committee to appoint non-hereditary trustees of religious endowments and limits their term of office to five years.

Sub-clause (3) empowers committees to fix and vary salaries of non-hereditary trustees subject to such rules as the local Government may prescribe.

Sub-clause (4) is necessary as the old Act of 1863 is to be repealed altogether and as provision has to be made for the continuance in office of such non-hereditary trustees of religious endowments as are in existence at the commencement of this Act.

19. *Clause* 22.—Sub-clause (1) gives the power of removal or dismissal of non-hereditary trustees to the committee. Hereditary trustees can be removed only by regular suit and this has been provided for in clause 37 of the Bill.

Sub-clause (2) requires no explanation.

Sub-clause (3) provides for appeal to the Government from the orders of the committee under sub-clause (1).

20. *Clause* 23.—A trustee discharges very onerous functions and it is necessary that he should not be permitted to continue in office when he becomes subject to the disqualifications which would be sufficient to terminate membership on a committee, for example.

21. *Clause* 24.—It is notorious that trustees dismissed by committees under Act XX of 1863 have in several instances refused to hand over possession to the persons newly appointed and have defied the committees by remaining in possession pending the end of protracted litigation started by them. This clause is intended to end this scandal. Under it, trustees who have been removed or dismissed or have become disqualified to hold office may be dispossessed by summary process of court.

22. *Clause* 25—repeats the first portion of section 13 of the Act of 1863.

23. *Clause* 26—embodies in an elaborated form the substance of the second sub-paragraph of section 13 of the old Act but throws the obligation on the trustee.

24. *Clause* 27—provides for the regular audit of trustees' accounts by a certified auditor. Compulsory audit is provided by statute in the case only of endowments with an income of not less than Rs. 3,000 per annum. In other cases, the committee is given discretion to direct regular audit.

25. *Clauses* 25-27—apply to both hereditary and non-hereditary endowments.

26. *Clause* 28—provides for the right of inspection—a right which several trustees have questioned in the past

27. *Clause* 29—provides for the variation, without the intervention of a court, of standards of expenditure in temple, or other institution '*dittams*' as they are called. The court can intervene only if there is a difference of opinion between the trustee and the committee in this matter.

28. *Clause* 30—regularises the levy of contributions from endowments for meeting the expenses of the committee subject to a maximum of three per cent of the gross income.

Sub clause (3) imposes on every trustee the obligation of paying such a contribution, and in default of his doing so the amount is made recoverable by a process of the civil court.

29. *Clause* 31—reproduces in substance the last clause of section 13 of the Act of 1863. Provision has been made therein for audit of the committee's accounts and for their publication in the prescribed manner.

30. *Clause* 32—renders it obligatory on the part of trustees of religious endowments connected with mutts, temples, etc., attracting a large number of pilgrims or worshippers from outside to pay contributions to the funds of the local authorities for making the necessary sanitary and other arrangements in the localities concerned on the occasions of any fairs or festivals. This is in consonance with the provisions of section 156 of the Madras District Municipalities Act, 1920 and 128 of the Madras Local Boards Act, 1920.

31. *Clause* 33—provides for the diversion of the surplus funds, if any, of religious endowments for other purposes such, as education, medical relief, etc. The power to order such diversion is vested in the courts and the principles to be observed in ordering such diversions are those which courts ordinarily follow in applying the *cypres* doctrine.

32. *Clause* 34—enumerates the rule-making powers of the Local Government.

33. *Clause* 35.—There will be two schedules to the new law, one dealing with electoral qualifications and the other making provision for the transition from the old committees to the new ones. These schedules are made alterable with the approval, by means of a resolution, of the Legislative Council—a procedure which follows the one prescribed in the Local Boards Act, section 201.

34. *Clause* 36—provides for the making of regulations by committees for facilitating the carrying out of their duties under the Act.

35. *Clause* 37—relates to suits. The avoidance of unnecessary litigation has been kept in view in drafting this clause. The Advocate-General may, by virtue of his office and the rights attached thereto [see also section 114 (2) of the Government of India Act] file a suit. Any person having an interest may also sue but only with the leave of the Collector. The reliefs claimable in such a suit have also been largely restricted. Removal of non-hereditary trustees in charge of endowments having been separately provided for under clause 22, suits under clause 37 may lie only for removal of committee members or hereditary trustees or trustees of endowments not subject to the jurisdiction of a committee. The Bill gives powers to settle *dittams* and rules may be made by Government under clause 34 empowering committees to control establishments and intervene in the internal administration of temples. In respect of such endowments as are within the jurisdiction of committees there will be no need hereafter for framing schemes of management. Suits for settlement of schemes under clause 37 will therefore be limited to endowments not subject to the jurisdiction of committees. The limited range of reliefs claimable under clause 37 (1) taken in conjunction with the barring [sub-clause (5)] of suits under sections 92 and 93 and rule 8 of order 1 of the first schedule of the Civil Procedure Code and with the other provisions in the Bill making the decisions of the committees or the court or the Government final in respect of several matters will, it is hoped, effectively put an end to unnecessary litigation. The same reason explains sub-clause (3) which prohibits any appeal from the Collector's order under sub-clause (2).

36. *Clause* 38—mainly reproduces section 15 of the Act of 1863 and is

intended to supersede the decision of the majority of the Full Bench in I.L.R., 42 Mad., p. 360, and is in accordance with the views expressed in that case by Kumaraswami Sastri, J. and Abdur Rahim, J.

37. *Clause* 39.—During recent years a considerable number of schemes have been settled by courts for the administration of specific religious endowments. Many of these schemes have proved unsatisfactory and it is felt in many quarters that administration under such schemes is even worse than administration under the Act as it stands. An ex-Advocate-General of Madras expressed himself as follows:—

"My experience both before and after I became Advocate-General is that schemes framed under section 92, Civil Procedure Code, by the courts have not in a majority of cases proved to be successful. They are not more workable or more efficient than the statutory scheme of committees and trustees under the Act of 1863 or the system of hereditary trusteeships."

It has, however, to be remembered that schemes which have come into force are of varying complexity and have settled many matters connected with temples which do not pertain to mere administration and some of which do not fall within the purview of Act XX of 1863 or of this Bill. While therefore clause 39 enables an application to be made to a court for the abrogation of a scheme and for a declaration that the new legislation will apply to the endowment in question, such applications may be made only by the committee, or by a person whose rights have been affected in the case of hereditary endowments by the scheme. Unless on such application the scheme is superseded in whole or in part, so much of the new law as is inconsistent with such scheme will not apply to the religious endowment in question.

38. *Clause* 40.—There are large numbers of small village temples whose administration is really controlled by the villagers in common and which is not worth the while of a committee to acquire jurisdiction over. This clause exempts such temples from the operation of the new law except in such matters as the maintenance of proper accounts by the trustees, the right of persons having interest to file suits and so on. It may be mentioned here that the exclusion of these temples from the purview of a measure of this kind was contemplated even more than thirty years ago by one of the committees which attempted to draft a comprehensive Bill of this description.

39. *Clause* 41—confers on the local government power to delegate their functions subject to certain restrictions and to authorize courts, subordinate to the district court, to entertain suits, applications, etc.

40. *Clause* 42—is intended to protect long-established customs and usages in the temple.

41. *Clause* 43—prevents the executive government from interfering with public religious endowments except in the manner approved by the new law or any other Act for the time being in force.

42. *Clause* 44—contains transitory provisions which are necessitated by the repeal of the Act of 1863.

43. *Clause* 45—is a measure of abundant caution and corresponds to section 239 of the Local Boards Act.

44. *Schedule I*—deals with the qualifications of persons entitled to vote at elections of members of committees. The franchise is slightly higher than that fixed for election to local bodies.

45. *Schedule II*—contains transitory provisions consequent on the repeal of the Act of 1863.
